

CLAIMS

I claim as my invention:

- 1) An aqueous solution for nasal use comprising of the following ingredients in the ratio set forth:
 - a) Baptisia tinctoria 12x from 1% to 99%
 - b) colloidal silver from 0.01% to 10%
 - c) grapefruit seed extract from 0.01% to 5%
 - d) oregano juice from 0.01% to 5%.
- 2) A solution as defined in claim 1 which further incorporates sodium chloride from 0.01% to 5%
- 3) A solution as defined in claim 1 which further incorporates benzalkonium chloride from 0.01% to 5%

ABSTRACT

A unique and synergistic composition is disclosed for cleansing the sinuses to reduce inflammation and improve breathing. The disclosure is also related to a composition for freshening and cleansing the sinus cavities and nostrils that includes a homeopathic ingredient and saline carrier solution. The disclosure is also related to the use of such composition to provide many anticipated and unexpected benefits that emanate from cleansing debris and microbes from the sinuses and nostrils.
